

Casicilíndrica

Gonzalo Milá and Martina Zink, 2004

SERIES OF THREE PLANTERS OF DIFFERENT SHAPES AND SIZES FOR PUBLIC AND PRIVATE USE

Casicilindica Planter

Planters with simple shapes in three sizes to adorn urban pavements and private settings. Their different capacities

allow a variety of plantings. They can be placed in a group or each one separately.

Materials and finishes

Each one made from a single piece of cast iron, with anti-rust protection, painted light grey.

Maintenance

Does not require maintenance.

Installation

The element is simply placed on the ground.

Weight

Ø 0,50 x 0,86 m: 121 Kg.
Ø 0,80 x 0,50 m: 150 Kg.
Ø 1,00 x 0,65 m: 226 Kg.

Models

Sizes in cm.
