As with the chairs of this family, the Belloch table was created to furnish our headquarters in Belloch (Barcelona), and it was commissioned to the Lagranja studio. A large, comfortable table with round corners, supported by a sturdy metal structure and sleek cone-shaped wooden legs. The white laminate top has a soft and bright feel, with softly rounded edges to avoid small bumps and bruises. The convenient square or rectangular tabletop features bevelled edges to add a touch of elegance. The sturdy metal cross frame that joins the four table legs provides plenty of knee room, even for crossed legs. This heavy-duty table is stable and spacious, built for get-togethers. The perfect companion for the Belloch chair.
