Damp locations

To simplify alludes to investigating the essence of a product. While preserving its traditional character, the Estadio family evolves from the ring to a single, simple column to satisfy new functions. A discreet aluminium body, in black or white, holds the historic glass brick.

Solid and adapted for outdoor use, its repetition delimits the perimeter and points the way forward, both inside and out.

General description:

White or texturized black metal structure.
Glass block shade.
Suitable for Outlet Box (American version).

Approximate weight (unpacked):

European version: 1,86 kg / 4.1 lb
American version: 2,5 kg / 5.5 lb
