

La Colilla

Carles Riart. 1976

Pendant lamps

Some lights can only be seen at night. A sky full of stars. Fireflies dancing in an open field. The embers of a campfire, glowing as the sun fades. This lamp is designed as a companion for music, for conversation, for love. Where the night falls, La Colilla illuminates.

Designed by Carles Riart in 1976, produced by chance and distributed by Gabriel Ordeig Cole, from his first venture Comercial Estelar, La Colilla was Santa & Cole's first edited product back in 1985.

A translucent two metre tube houses the small neon bulbs which provide the illumination. La Colilla pendant lamp is a low-energy light (less than 1 watt) with an exceptionally long lifespan; it comes without a switch so that it is always left on. Hanging from a delicate thread, it has an appearance of floating in mid-air. It has a variety of uses: in the bedroom or the lounge, providing helpful and guiding light in hallways, stairs or porches, and even as a children's night light for sweet dreams.

General description:

Methacrylate diffuser tube.

Plug without switch.

Electric cable length: 3 m / 118.1"

Light source:

Light source included.

European version: neon bulbs strip 6 W

American version: neon bulbs strip 3 W

Suitable only for indoor use.

Always use this light source.

Input voltaje: 100, 120, 230 Vac.

(50 Hz / 60 Hz). According to destination.

Approximate weight (unpacked):

1 Kg / 2.2 lb

Regulations:

European version

UNE-EN 60598

UNE-EN 55015

UNE-EN 60529

Maintenance:

Clean with a smooth cloth. Do not use ammonia, solvents or abrasive cleaning products.

Others:

The lamp are delivered in one package.
The assembly instructions are delivered with the product.
