A minimalist square or rectangular wall lamp with an arched ribbon or parchment shade that prevents the light source from being directly in view from the side. Each ribboned shade is handcrafted. In our search for the perfect hues, we collaborated with the studio Raw Color in Eindhoven (Holland) to create new ribbons. Each woven from three distinct yarns that created new colours: terracotta, mustard yellow and forest green. The three basic colours in the ribbon collection, natural white, amber red and black (available since 1994) complete the range of six colours available. The handstitched parchment version portrays the way Santa & Cole promotes warm lighting through natural materials.
